Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

On Thursday, August 28th, at 8:30 o'clock in Durham, N. C., Miss Eva Rawlings and Mr. L. R. Carter, both of Scotland Neck, were married. The ceremony took place at the parsonage of Trinity Methodist church, Rev. W. C. Norman the pastor performing it. Bold Robbers.

A letter from Mr. J. W. Madry at Penelo, Edgecombe county, tells of a bold robbery at his store a few days ago. He left the store for a short while and as soon as he had gone two negroes came to the store. Mrs. Madry went out and waited on them, closed the store and went to the house.

After she got into the house one of the negroes dashed to the side window of the store, broke through, went in and opened the cash register and took the contents, about ten dollars in money and a gold watch and chain.

A colored girl near the store saw them breaking in and started to run by the store to the house to tell Mrs. Madry but the man on the outside stopped her with a drawn pistol and would not let her move until the man on the inside could get out.

The men went into the woods and it has not been learned whether they have been caught.

Preaching at the County Home.

It has been more than once suggested that the county authorities would do well to arrange for regular preaching to the inmates of the county home. It would no doubt be appreciated by the inmates there and no doubt the county commissioners would be glad to make the arrangement if it seem practicable.

Mexican Mustang Liniment will readily overcome Loss of Hair, Dandruff, Itch and Burns in horses and cattle. Farmers try it.

A toad under a harrow

suffers no more than the faithful horse that is tortured with Spavins, Swinney, Harness Sores, Sprains, etc. Most horse owners know this and apply the kind of sympathy that heals, known far and wide as

Mexican Mustang Liniment.

Never fails—not even in the most aggravated cases. Cures caked udder in cows quicker than any known remedy. Hardly a disease peculiar to muscle, skin or joints that cannot be cured by it.

Mexican Mustang Liniment is the best remedy on the market for Wind Galls, Sprains and Skin Lumps. It keeps horses and mules in condition.

Who has has a buggy or vehicle of any kind get your tires reset on one of

Henderson's Tire-Setting Machines

It sets them cold. It does the work in a few Minutes. It keeps the dish of wheels just right. It does the work perfect.

It is a Wonderful Improvement over the old Method. No more guess work, but tires are reset accurately and quickly, without the chance of giving too much dish to the wheel, or in any way injuring it.

Having one of these Tire Setters in practical operation, the patronage of the public is solicited. All work thoroughly warranted.
